SteelAdvantageAZ.com

Family Owned & Operated

Steel Advantage is a locally owned, family-run business that manufactures and installs high quality steel security doors, windows, and gates specifically designed for Arizona homes.

We are committed to your satisfaction and offer the best price guaranteed! Our products speak for themselves and our warranty backs the quality of our inventory.

Home Protection Guarantee

If your home should be broken into through a locked Steel Advantage Security product, we will not only repair or replace your covered security product but will also pay you up to \$1000 toward your insurance deductible!

Enclosures & Entry Gates

Yard Gates & RV Gates

Security Screens

Our security window screens enhance the value of your home or business while providing you with better air flow and fail-safe security from break ins.

With our **stainless steel woven screens** - your home or business is better protected from theft or vandalism without compromising on curb appeal.

Unbreakable Material – Unbeatable Price

- ✓ Stop Intruders at the Door
- ✓ Solar Heat Reduction
- ✓ ADA Compliance
- ✓ Better Airflow
- ✓ US Manufacturing

Security Screen Sliding Doors

No more flimsy sliding screen doors that are difficult to open or close. Our security screen sliding doors make the traditional arcadia screen door obsolete while providing you with the safety and comfort you seek.

Enjoy the benefits of a screen door that functions as a sturdy and secure option to traditional arcadia screen doors.

- Expertly installed
- 304 high tensile stainless steel mesh
- Locks securely and safely
- Keeps the bugs out while letting the air in

Best Price Guaranteed

At Steel Advantage, we guarantee to quote you the best available price for your new security installation project in the Phoenix area. If you receive a valid lower quote from one of our competitors, let us know and we will be happy to do our best to match it!

Hear from our customers:

"We called Steel Advantage and they immediately met us for a consult and scheduled an install. He came on time and had the door up and going in no time. When we wanted a few adjustments we called and they quickly scheduled a follow-up and took care of everything."

Hannah A.

"Love my door.... Installer was on time and professional. The door was a reasonable price compared to competitors. The owner Parks was available and addressed all my questions in a timely fashion. All around great customer service which is hard to come by these days. Also love the keypad lock and steel screen!"

Nathan S.
